Fill out the form on the reverse and e-mail to deb@menageriehillranch.com to get the quote started. We'll reach out to get any additional information needed. We may also contact the venue to discuss logistics such as access and parking.

Note we will require a place (preferably shady & grassy) to set up a temporary pen for the Alpacas to rest. Also, the venue cannot have Oleander planted on site, and we will request that the grass not be chemically treated prior to the event. Finally we require a 50 foot long parking space – either two “nose to nose” spaces or a long curb.
